17:30 - 18:00	Next Meeting (Hannah FISCHER-BAUM / Isaac SCARAMELLA – where, when and what)
20:00	Dinner

TOPIC GROUP ENERGY SAVING MEETING

DAY 2

Open Day

Wednesday, 25.05.2016

Place: BL-Danmarks Almene Boliger, Studiestræde 50, 1554 København V

8:45-9:00 Welcome Coffee

Session 1. Introduction to the Danish Social Housing Sector

09:00-09:10 Welcome + introduction by Bent Madsen, President of BL

09:10-09:30 Opportunities and challenges in Denmark when building and refurbishing low cost and low energy – Presented by Mikkel Jungshoved, Technical consultant at BL

09:30-10:00 *Sundholm Syd – low energy prefabricated housing blocks with photovoltaic panels on the roof*
Presentation by Jesper Kaasbøl Henriksson, Project Manager at the housing organization 3B

10:00-10:30 Masterplan Syd - Urban development with several big refurbishment projects. Six test houses from 1965, which has been energy renovated to test various energy classes

10:30-10:45 Coffee break

Session 2. Eurhonet, what's next and why participate?

10:45-11:00 Introduction to Eurhonet: *How does it work and why participate in the network?*
(Hannah FISCHER-BAUM)

11:00-11:45 BuildTog/BuildTog++ beyond passive houses (introduction & experiences gained): *What are the projects and what have the housing organizations gained from the projects?*
(Thilo CUNZ + all, will ask housing companies to give short statement)

11:45-12:15 EU projects in the pipeline: *Why does housing organization take part in EU-projects? What projects are in the pipeline? How do Eurhonet envision the corporation with Danish housing organizations?*

(Hannah FISCHER-BAUM + all, Isaac sends template to housing companies for report)

12:15-13:15 Lunch break

Session 3. Higher Energy Savings and Lower Building Costs

13:15-14:00 Round Table discussion with local experts– Prefabrication on a larger scale, achieving higher performance – I have the architect from the Sundholm syd project on board as key speaker presenting how they work with merging architectural quality and low energy at a low cost, so do not know how the round table will fit in....

TOPIC GROUP ENERGY SAVING MEETING

14:00-14:15 - Tomas Snog, Partner at AI a/s (architect and construction partner on the Sundholm Syd project)
Open discussion

Session 4. Site visit

14:15-15:45 Transport and visit to Sundholm Syd
15:45-17:15 Transport and visit to Masterplan Syd
17:15-17:45 Transport back to BL office in center of Copenhagen

DAY 3

BuildTog

Thursday, 26.05.2016

Place: BL-Danmarks Almene Boliger, Studiestræde 50, 1554 København V

08:30 - 08:45 Welcome and coffee

08:45 - 09:45 BuildTog project status **(Thilo CUNZ + participants)**

09:45 - 10:00 What a BuildTog⁺⁺ is **(Thilo CUNZ)**

10:00 - 10:10 How to marry Retrofitting and BuildTog **(Isaac SCARAMELLA)**

10:10 - 10:20 3 levels of participation **(Isaac SCARAMELLA)**

10:20 - 10:30 Design the best, realize the possible **(Thilo CUNZ)**

10:30 - 10:45 Coffee break

10:45 - 11:10 Local boundary conditions **(all – Thilo prepares questions, Isaac sends template)**

11:10 - 11:40 BuildTog⁺⁺ Workshop **(Thilo CUNZ + all)**

11:40 - 12:00 Workshop result presentations and discussions **(all)**

12:00 - 13:30 Lunch (as required)

TOPIC GROUP ENERGY SAVING MEETING
